SOFT SKILLS

- Quick learner
- Analytical thinker
- Creative mindset
- Good communication
- Self-motivated

TECH SKILLS

- C Programming
- Python (Basic)
- Java (Basic)
- C++ Programming
- Data Structures and Algorithms(Basic)
- SQL
- Basics of Web Development

LANGUAGES

- Telugu
- Hindi
- English

CAREER OBJECTIVE

Dedicated B.Tech 2nd-year Computer Science and Engineering student currently learning programming and developing problem-solving skills. Seeking internship opportunities to apply theoretical knowledge, gain hands-on experience, and grow technical skills by working on real-world projects in a technology-driven environment.

EDUCATION

Bachelor of Computer Science 2024-2028
2nd year at Aditya University
CGPA: 8.85

Bhashyam (EM) High School 2021-2022
State Board of AP
CGPA: 82

PROJECTS

AGRITECH(Agriculture)

Developed an AI-powered drone system using multispectral sensors to monitor crop health, detect stress, and support data-driven farming decisions.

Technologies Used: Integrating AI, drones, and smart sensors

CampusRide

Developed a real-time chat application enabling users to send instant messages, create group chats, and share multimedia content.

Technologies Used: HTML, CSS, JavaScript

Doctor Connect

Digital platform enabling online doctor appointments and basic consultations to improve healthcare accessibility.

Technologies Used: HTML, CSS, Javascript

EXTRACURRICULAR ACTIVITIES & TEAMWORK

Participated in design thinking workshops, collaborating in teams to design and present technical solutions.

Took part in the Tech Sprint Hackathon, gaining hands-on experience in problem-solving and rapid prototyping.

Actively attended technical workshops and college events, enhancing practical knowledge, teamwork, and communication skills.
